## **DETAILED ACTION**

### ***Response to Amendment***

In response to the amendment filed 1/26/2004, the specification and claims 1 and 23 are amended. Claims 1, 7-12, 14, and 23-32 are pending.

### ***Allowable Subject Matter***

Claims 1, 7-12, 14, and 23-32 are allowed. The following is an examiner's statement of reasons for allowance:

There is not taught or disclosed in the prior art a laser system comprising a laser diode source and a fiber positioned and optically coupled in the front of the laser diode source, the fiber having a lensed input end having a biconic lens as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Response to Arguments***

Applicant's arguments filed 1/26/2004 have been fully considered and are persuasive. Particularly, applicant's clarification of the biconic lens is helpful in persuading the examiner that the prior art of record does not read on the biconic lens required in the claims.
